

NASSELLA GRASS INVASIONS

Join us to discuss Nassella invasions in the MZCPE area, Eastern Cape. The session will be chaired by the area's Project Manager, Ulrich Schutte and Researcher, Kim Canavan. Three experts will discuss various topics around understanding and managing the grasses. Following this, we will hold a discussion session which will welcome any questions or input from participants.

Tuesday April 16th

09.00 am - 12.00 pm
